

Job Announcement

Position Title: **Training and Analytics Manager**

Program: **CERP Training and Capacity Building**

Qualifications: **Master's in Economics, Social Sciences, Public Policy, Public Administration, Business Administration, Education Management, or equivalent**

Start Date: As Soon As Possible

Minimum Commitment: 12 Months (24 Months is Preferable)

Location: 19-A FCC, Syed Maratib Ali Road, Gulberg IV, Lahore

Program Description

The Center for Economic Research in Pakistan ([CERP](#)) is a non-profit policy research organization founded by renowned Pakistani academics in 2008 with the aim of catalyzing policy research in Pakistan. We do this by undertaking rigorous quantitative research and building capacity for evidence-based policy making. Engaging with and building the knowledge, skills, and capacity of the actors who help shape policy is vital to promoting the long-term sustainability of CERP's mission. These actors include public sector policymakers, such as civil servants and politicians, private sector and civil society players, and local researchers.

Position Description

The Training and Capacity-Building program at CERP seeks to develop a knowledgeable workforce capable of deploying a variety of strategic and technical skills that will inform policy decisions. CERP is currently seeking a Training and Analytics Manager to lead the training unit, and oversee all of CERP's training and capacity building programs and pilot strategic analytics ventures as part of CERP'S business the successful candidate will gain the opportunity to shape the way capacity-building is conducted in Pakistan.

The Training and Analytics Manager will oversee all aspects of training, capacity building and business development activities at CERP. Your major tasks will include creating CERP's training strategy, leading the pilot of its analytics services, managing business development for training and analytics pilot activities, conducting marketing and outreach, developing and managing the unit's budget, and overseeing the unit's personnel at all stages of training and analytics activities. You will oversee all pilot analytics training activities and outputs, working closely with internal and external partners, including Evidence for Policy Design (EPoD) at Harvard Kennedy School, JPAL, IPA, and others.

A successful candidate will be well-organized, able to prioritize and manage multiple assignments simultaneously, and have excellent attention to detail. The position requires strong interpersonal skills, with a high level of comfort in building relationships with key stakeholders in the public and private sectors. The position also requires an ability to work independently with self-directed effort.

Qualifications and Skills

- Master's/Bachelors in Economics, Social Sciences, Public Policy, Public Administration, Business Administration, Education, or equivalent
- 3-5 years of relevant work experience
- Prior leadership experience and proven ability to manage a team
- Strong interest in public policy, economic development research and effective pedagogy
- Experience in business development

- Experience with data analytics and quantitative
- Strong interpersonal communication skills, with high level of comfort in building relationships with key stakeholders in the public and private sectors
- Excellent written communication ability
- Excellent oral presentation skills
- Strong proficiency in Microsoft Office tools, including Word, Excel and PowerPoint
- Fluency in English and Urdu
- Willingness to travel within Pakistan
- Prior experience in capacity building or teaching strongly preferred

Salary: The minimum salary for this position is PKR 140,000 per month (all-inclusive). However, the final salary figure will be commensurate with a candidate's professional experience and educational qualifications.
