

**Center for Economic Research in Pakistan (CERP)
Job Announcement**

POSITION: Research Assistant

PROJECT: Women's Mobility Project

START DATE: As soon as possible

MINIMUM COMMITMENT: 12 months

LOCATION: 19-A FCC, Syed Maratib Ali Road, Gulberg IV, Lahore

Project and Position Description

CERP is seeking a Research Assistant to support an academic research project hoping to investigate the socioeconomic impact of provision of high quality transport services in urban and peri-urban Lahore, including services restricted for only women's use. It uses a randomized controlled trial (RCT) methodology, and shall test for the differential impact of women's only restrictions on female mobility, labor force participation, and other indicators.

The Principal Investigators of the project are Dr. Erica Field (Duke University) and Dr. Kate Vyborny (Duke University).

CERP is recruiting a Research Assistant to start as soon as possible. This is a full-time position based at the CERP office in Lahore. CERP's project teams are small, and the amount of work we accomplish is significant. The position is challenging but rewarding – only apply if you are the type of person who takes charge and responsibility, can do good work with little supervision, and are not afraid to learn new things in order to get the job done. The ability to take on challenges is essential.

Job Description

You will be working primarily on the following tasks:

1. Secondary data collection and management, and archival research
2. Coordinating between the research team and partners
3. Assisting in the design and development of interventions
4. Survey questionnaire design and implementation
5. Data cleaning, data management and quality assurance
6. Field visits as required

Job Requirements

- Bachelor's degree in Economics, Public Policy, or a related discipline from an internationally recognized university.
- Preferably 1-2 years of relevant experience in research/program design and/or evaluation, including the design and execution of surveys, focus groups, and interviews

- Demonstrated knowledge of data management of large datasets as well as data collection, quality checks of data, and presentation of data
- Demonstrated working knowledge of STATA and willingness and ability to learn more at a fast pace. Knowledge of other statistical and programming software is appreciated but not required.
- Ability to manage of fieldwork related to the project in both urban and peri-urban areas, including field visits
- Fluent in English and Urdu

How to apply:

Interested candidates should fill this [online form](#) and send their *cover letter, CV, and transcripts* to jobs@cerp.org.pk with the subject title **“Research Team- Women’s Mobility”**.
